For the remainder of the Year (LOL) club night will be for club members and occasional Graded play nights will be organised, dependant on the attendees.

WANTED—News/articles for the website. The website is working well and to keep the 'traffic' flowing we need to publish articles regularly. Do you have any news and/or an article that we can put on the website.

Racquet stringing service from the club. Matt offers a **FREE** collection and delivery service on Monday nights. If you need it quicker than that then he is very accommodating.
Call him on 07393 500898

After every match team captains write a report that is posted on our website. Have you read any of them? You should read one or two as the authors are very literate. See blogs [HERE](#).

PUB CALL—Every week after club a pint at The Cottage, Kingswinford (just round the corner).

Facebook.

Strange thing is not all members are following us on facebook. If club members 'do it' then others will too. <https://www.facebook.com/pages/Ashton-Badminton-Club/122081154564736> INFORMATION is circulated via this media and you will miss out if you don't follow us. The more people who follow us the more people know what is going on in the club.

Sports Hall access.

Folks are still using the 'sports hall, emergency exit to enter the hall and depositing dirt on to the hal floor. **PLEASE NOTE** that outdoor shoes are not allowed on this surface, entrance to the hall is through the appropriate changing room. You can then change your footwear in the changing rooms.

PEG BOARD—OPERATION

Check out the new peg board and the operation of it. IF... every member when on the side line, chases the board then games will be ready to go on immediately a court becomes free. Every club member is responsible for chasing/policing the peg board.
