PEG BOARD—OPERATION

As Ashton Badminton Club has a large number of members all attending Monday evening. It will be a necessity to operate the peg board so that attendees get equal opportunity to pick games and play. With each club member taking responsibility to pass the board on to the next person to choose the game, games should flow efficiently without much wasted court time. This means that members time, waiting to play, will be kept to a minimum and we all get as many games as possible. Everyone cooperation is needed for this to succeed.

Instructions for operating the pegboard are available and eventually there will be a copy in the club box.
